Committee: Senate Committee On Judiciary
Measure: SB320

My personal experience is that measure 11 takes judicial discretion out of the hands of the court and puts it into the hands of the district attorney who is not a judge and should never have the power to decide the outcome of a criminal proceeding. Sb320 gives all who qualify a chance to show those in power that they are capable and serious about their lives, especially those who are first offenders. I believe that if this bill passes it will help many people both in and out of prison with a positive outlook on their lives and the lives of others. Thank you
