

Submitter: Kerri Two

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3202

Testimony in SUPPORT of HB 3202:

I hope that you will be a yes vote for House Bill 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

House Bill 3202 builds on what other states have already done. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
