IN SUPPORT OF HB 3202

Protecting wildlife is one of my highest priorities, and I urge you to please vote YES on H.B. 3202 (the Night Skies Protection bill) which seeks to mitigate the detrimental effects of light pollution on our environment.

It's time for Oregon to get to work to address this issue. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too. Birds are of great importance ecologically and deserve our protection.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
