Measure: SB348

I suggest the Oregon Legislature re-read the state and us constitutions. The 2nd amendment is clear, SHALL NOT INFRINGE. quit chomping at the bit here, measure 114 is bad enough and you're so infuriated it was challenged that now you try to ram it through the legislature. Enough is enough, anyone who voted for this deserves to lose their next election. No on 114 means no on SB 348 too. Enough is enough, leave the 2nd amendment alone.
