

Submitter: Katherine Noble
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

Please vote YES on H.B. 3202 (the Night Skies Protection bill) which will create standards to limit and mitigate light pollution across Oregon and protect migratory pathways for birds which are key to maintaining the rich biodiversity that Oregon is known for.

This is not a new concept, and in fact, other states have already implemented such measures. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.

Thank you for voting to preserve our night skies.

Katherine Noble
