

Submitter: Bill Kowalik
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

IN SUPPORT OF HB 3202

Please vote yes or House Bill 3202 in order to protect our ecosystem against the damages caused by light pollution.

Our measurements across Oregon show that light pollution is significant and growing. Here's a link to our most recent report

Oregon should follow the lead of other states that have already taken this step. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Thank you!

Sincerely,
