On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To Oregon Lawmakers:

Please vote YES on H.B. 3202 (the Night Skies Protection bill) which can help curtail the damage done by light pollution to wildlife as well as human health.

Many other states have taken such steps already. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!
