On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202

To the Oregon Legislature:

Please vote YES on H.B. 3202 (the Night Skies Protection bill) which seeks to mitigate the detrimental effects of light pollution on our environment.

House Bill 3202 builds on what other states have already done. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
