Committee: Joint Committee On Transportation  
Measure: HB3202  
To Oregon Lawmakers:

Please support House Bill 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

Oregon should follow the lead of other states that have already taken this step. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
