Measure: HB3202

IN SUPPORT OF HB 3202

Please vote YES on H.B. 3202 (the Night Skies Protection bill) which will create standards to limit and mitigate light pollution across Oregon.

Oregon should follow the lead of other states that have already taken this step. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!
