Measure: HB3202  
To Oregon Lawmakers:

First, while this is largely a canned support list, I do participate in the dark sky nights and buy dark sky outdoor light products.

I am writing to urge your support of HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Many other states have taken such steps already. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.

Thank you
