Testimony in SUPPORT of HB 3202:

Please vote YES on H.B. 3202 (the Night Skies Protection bill) in order to help improve wildlife welfare, human health, and our environment generally.

Let's be a leader! Oregon can do even better by passing this bill, and helping prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety. It's for people too, as part of the earth's ecosystem.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!

Thank you.
