Committee: Joint Committee On Transportation

Measure: HB3202

Testimony in SUPPORT of HB 3202:

I hope that you will be a yes vote for House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

It's time for Oregon to get to work to address this issue. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
