Measure: HB3202

Testimony in SUPPORT of HB 3202:

I am writing to urge your support of HB 3202, in order to protect our ecosystem against the damages caused by light pollution.

Many other states have taken such steps already. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
