Measure: HB3202

Testimony in SUPPORT of HB 3202:

I am writing to urge your support of HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Many other states have taken such steps already. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
