

Submitter: Dena Turner

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3202

To the Oregon Legislature:

Please vote YES on H.B. 3202 (the Night Skies Protection bill) in order to protect our ecosystem against the damages caused by light pollution.

Many other states have taken such steps already. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
