Measure: HB3202

To the Oregon Legislature:

I hope that you will be a yes vote for House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Oregon should follow the lead of other states that have already taken this step. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
