

Submitter: Summer Baird
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

I am Neutral on SB 348-1, I appreciate your work to date, but please do not weaken Measure 114. It is imperative it is implemented; the people of Oregon have voted for it and it represents the majority of the peoples' will. And importantly, it will save lives. Speaking as a school psychologist dedicating my career and life to advocating for children and the rights of them and families in schools, I have read the research and I care deeply that our schools are safe. The rights and safety of children and families and the majority and the need of our communities need to win.
