

Chair Prozanski, Vice Chair Thatcher and
Members of the Committee,

My name is Andre Miller, I am a father of 4,
an impacted person of gun violence, and I
live in an area impacted heavily by gun
violence.

I support the direction HB3511 would have
taken Measure 114, specifically regarding:

- centralizing permitting,
- reducing interaction with police and
protecting their often limited capacity,
- making it easy for Oregonians like me
to remain compliant, and

- saving millions in taxpayer dollars.

I ask that you incorporate HB 3511 into your proposal to fix Measure 114. Without this the Measure 114 “fix” is incomplete and does not meet the needs of our community.

Thank you,

Andre Miller
