

Submitter: tim cowan

On Behalf Of:

Committee: House Committee On Education

Measure: HB3348

I support HB 3348 under the following conditions.

Assumption.

- 1) The Department of Education maintains a current review of the Threat Assessment systems for all school districts.
- 2) Is aware of the impact, cost and/or savings in order to implement the Salem-Keizer Threat Assessment System.
- 3) Is aware of the time necessary for implementation and the needed legislative support.

If the need is immediate; why is the report due no later than September 15, 2024?

The Department of Education is more than capable to give you an executive summary in a week.

I'm submitting this incase the chair has time limitations for oral testimony.

Respectfully,

Tim Cowan
