

Submitter: Caren Caldwell

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

Yet again this week 6 people were shot to death with a military type gun in a Tennessee grade school. The death toll includes 3 educators and 3 elementary school children.

More children and youth in the U.S. now die by gun violence than from any other cause.

Pass gun laws now to outlaw the violence. Nobody has a right to a gun in order to kill people.

It's not about gun rights. It's not about gun sales. It's about children's lives.
