

Submitter: Richard Kramer
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB409

Dear Senate Committee on Education,

I support SB409 and Katherine Stone. Specifically, the notion that parents are left in the dark - while school committees (i.e., complete strangers) - seek to be in control of what my child is taught - is an outrage. We ask and seek transparency instead of the opposite.

Thank you,
Richard A. Kramer
