

Submitter: Tyler Nelson

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB3180

Please support HB 3180. This is what Oregon needs to meet our renewable targets, provide a diversity of income to our farming community residents, and create valuable jobs for Oregon workers. We need to raise the acreage thresholds for projects at the county level and eliminate the subjective and burdensome Goal 3 exception process. Please give trust back to our counties and landowners to make the right decisions for their communities.
