

Submitter: Eileen Altschul

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB409

"I SUPPORT SB409, it is a first step towards transparency in our schools. Courses of study information should be available to the public on the district website." Parents and community members should absolutely have the right to see what is being taught in our schools. Why wouldn't they? Why should Any material be hidden or not easily available? What is being hidden in this material? Parents are partners in their children's education and as such should be able to easily view All course curricula. The school district should support parent involvement in this basic, but Very Important way. Please support this bill!!
