

Submitter: Janet WOLFER  
On Behalf Of: INMATE TYLER PATERSON  
Committee: Senate Committee On Judiciary  
Measure: SB320

I feel if a inmate serves his time over his sentence then I feel he needs to get out early as he has been on good behavior and his counseling person has agreed to his good behavior.

I am a mother of a inmate at OSP and he has been working in the institute and been on good behavior.

I feel he has served his time plus for the crime he did. I went through cancer treatments while he has been incarcerated and it's been hard on me to have him not be with me during my treatment times.

I hope this senate bill passes so he has a chance of getting out a little earlier than later. Tyler has served his 7 years and going on 8 years now. Please vote to make this happen for inmates that deserve early release. thank you , Janet Wolfer
