

Submitter: Donna Bleiler

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB473

I DO SUPPORT THE INTENT OF SB 473, but I don't support that it might take away more class time. It should be taught in place of sexual identity that is confusing younger kids that they can be persuaded into sex trafficking and sexual abuse makes them more vulnerable. They don't know what is right from wrong because sexual identity is screwing with their self-worth.
