Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB3086

Please vote in favor of hb 3086, while some arguments against the bill claim it will take representation away from the people, and areas with greater populations. i argue that it gives more favorable representation to wildlife across the state, even those in rural areas. Mind you, these rural areas are where a majority of our wildlife populations reside. It is ODFWs responsibility to represent, and preserve these populations, not only for the sake of our wildlife, but so that we may enjoy them for generations to come. This bill will only increase their ability to do so. Thank you.
