[-1 Amendment]:

The "Prevailing Wage" must be paid on these projects or get rid of the "Prevailing Wage" altogether.

The Trade Unions should be paid the "Prevailing Wage" on these mixed-use Housing projects. Taxpayer dollars are being used to fund the Housing project conversions.

The argument paying the "Prevailing Wage" will make the mixed-use Housing projects "Unaffordable" is indeed unfortunate to those who would profit nicely otherwise.

"Government subsidized-Taxpayer subsidized Housing, Child Care Services and aversion to paying the Prevailing Wage" are examples of Oregon's pathetic support of the, "**Industrialized Welfare State.**"

[SB 977 (-1)] is another mechanism to entrap people into becoming dependant on government for subsidized Housing and Child Care Services.

For an illustration of the, "Institutionalized Welfare State" in Oregon, take a few moments to review what is below.

[SB 5511 (2023) Section 5]

What is the total Housing and Community Services Department's debt?

The Debt Service alone is [\$155,800,792.00] taken out of this session's GENERAL FUND.
