

Submitter: Justin Paterson  
On Behalf Of: Tyler Paterson  
Committee: Senate Committee On Judiciary  
Measure: SB320

Hello, my name is Justin Paterson,  
I was born and once lived and worked in Oregon. I am Tyler Paterson's oldest brother. We have lived together and worked together. I know him extremely well. He has been in prison for almost 8 years. I would like to see this Bill PASS so that he could be released and not serve any more time. Over the last few years, I have not been able to talk or visit him, my children, his niece and nephew have not been able to have an uncle. His son needs him as well.

We think that he has served time appropriately for his crime. We, along with his own son would like to see our brother, uncle and father released. The few times I have been able to talk to him, I know that he is ready for life outside of prison. Society needs a hardworking, passionate, driven person like Tyler. I know that he is no harm to anyone, therefore please consider this Bill to pass.

Thank you kindly for your time,  
Justin Paterson
