

Submitter: Dale WEBB

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB3086

Dear Committee members,

I am a life long Oregonian and an outdoorsman that lives on the westside of the state. I mention where I live because this has become a volatile issue. The residents of Eastern Oregon rightfully are concerned about their representation when it comes to issues that effect them and fish and wildlife issues are a big component of their lives. I would support making the regional watershed boundaries the representative boundaries of the ODF&W Commission, by doing so we could resolve some of this Urban/ Rural divide in our state. There is nothing worse than feeling like you do not have fair representation in governance and this simple solution would go a long ways in helping in that regards.

Sincerely yours,

Dale Webb
