

Submitter: Justin Miles

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB3086

"I wholeheartedly support HB 3086 with the -4 amendment, which aims to update the Oregon Department of Fish and Wildlife (ODFW) Commission structure to the river basin management area model," or "As a staunch advocate for the river basin management area model for the ODFW Commission, I proudly support HB 3086 with the -4 amendment."

It is very important to advocate for fish and wildlife and fish and wildlife management using science based knowledge. I believe people appointed to this commission need to be reasonable or take in science based information to inform management of wildlife decisions going into the future. I am worried some people will solely make their decisions based on social pressure.

Sincerely,

Justin Miles
