

Submitter: Arlene Richmond

On Behalf Of:

Committee: House Committee On Higher Education

Measure: HB3499

Please vote no. It is time to take responsibility for our own future. I did not get a college degree because I couldn't afford it like many others. Guess what we figured it out to be successful. Why do we have to pay for others? This will bankrupt our state. Stop with the handouts. This harms not helps.

Please vote no.

Thank you,

Arlene Richmond
