Measure: HB3499

This is another CRAZY HANDOUT! Who will pay for this? Our State is already struggling. I paid for college myself - with the help of Financial Aid. It's there - for people like me. Guess what? After college, I WENT TO WORK AND PAID THOSE LOANS OFF. IT'S TOTALLY POSSIBLE. Why should we pay for someone else's education? Slippery slope. If another person is going to get their education paid for, then I want them to pay ME BACK for my education. OR they can pay me back, so I CAN START A BUSINESS.

WHAT ABOUT THE TRADES? WE CAN'T JUST PAY FOR COLLEGE WHEN THERE ARE TRADES THAT ARE SUFFERING.

I strongly oppose this measure. Oregonians need to figure out how to create their future on their own.
