Water

Measure: HJR23

It is absolutly insane - everytime someone wants to solve an issue it is approached with a tax increase. As an Oregon resident I have to balance my budget everyday yet when the state wants to add programs they are not asked to make it work within the given budget that they have. Please work on reducing taxes and eliminate the CAT tax as well as it is currently making "doing business" in Oregon not an option. All taxes get pushed upon every resident at every tax level through price increases and supply chain price increasements. Time to let Oregon residents spend their own money. We do a more efficent job than the government....
