

Submitter: ALEJANDRO SEGURA
On Behalf Of:
Committee: House Committee On Higher Education
Measure: HB3499

Dear members of the House Higher Education Committee,

Thank you very much for the chance to testify in favor of HB 3499.

With enrollment declining, it is imperative we act to preserve higher education in our state. Too often are our students have physical and mental health needs, housing needs, or food insecurity needs that get bottled up or put aside in order to pursue their education. Refusing to act now, will result in a much larger crisis in the future of our state. Pass HB 3499 now.
