

Submitter: Patricia Hewitt

On Behalf Of: Cascade Carbide Inc

Committee: Joint Committee On Ways and Means Subcommittee On General Government

Measure: HB5035

As a decades long business owner in Oregon I often work remotely. It is difficult to keep up-to-date with important information from the Oregon Corporation Division due to the fact that we are unable to access this information on mobil devices. Please support and pass the Oregon Corporate Division budget request in order to implement online delivery and access to their records bringing Oregon into the 21 century.

Thank you.
