

Submitter: Robin Lee

On Behalf Of: self

Committee: Senate Committee On Labor and Business

Measure: HB2573

I oppose HB 2573 expressly because I object to the far-too-frequent use of "emergency". I see no reason to prohibit the peoples' option to submit a referendum in this matter. I see no urgency about the use of electronic signatures. I certainly doubt the claim of "health and safety". Bah! Scrap this bill.
