

Submitter: Susan Moscaritolo

On Behalf  
Of:

Committee: Joint Committee On Ways and Means Subcommittee On General  
Government

Measure: HB5035

This should be an automatic approval, but in case you need support for this allocation, here you go:

I run 2 businesses in Oregon. In order for me to do business with Florida, I needed a certificate from the Corporate Division. It SHOULD have been a quick online form. But instead, I had to download a form, fill it out, and send it with a paper check through the US Mail. It took 10 days! It's 2023, this kind of inefficiency is holding us all back. Fund the Corporation Division. They need programmers and phone staff, at the very least.

Thanks,

Susan
