Measure: HB5035

My only experience with the Corporation Division over the last several years has been interacting with the website to renew our LLC and ABN with the State. It used to be a see less and quick process when using filinginoregon.com, but since it's been redirected to sos.Oregon.gov, it's been a nightmare. The website is extremely slow, and what used to take 5 minutes now takes 3 to 4 times as long. We have several LLCs so that adds up. Please direct some funding toward improving the Corp Division website. Thank you.
