

Submitter: Victoria HARTT

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

Please renew the requested revenue for the Community Violence Intervention fund. Almost everyone I talk to has been or knows of someone who has been touched by violence. Personally, I had a coworker shot in a domestic violence situation, another one killed during the Clackamas Town Center shooting, and another one stabbed while leaving work at a hospital .We must fund programs that can help remediate the increasing violence and effect on the community, whether it is urban or rural.
