

Submitter: Susan Wolling

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB1087

Please oppose SB 1087 and protect Oregon's farmland for farming. SB 1087 would allow restaurants that might have little connection to farming to be located on our scarce farmland. Current law allows the sale of food on farms when it is clearly linked to farming. Non-farm restaurants don't belong on farmland.

Thanks for your attention.
