

Submitter: Eric Tonsager

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB1087

Our family strongly oppose SB 1087 which will allow farm cafés on property zoned as EFU land. Our land is rural and served via narrow curvy roads which are not build to withstand additional traffic along with the additional noise that the additional activities that would be generated by events such as wine tastings and other events. We purchased our small farm 37 years ago to raise animals, garden, peace and quite. If we wanted to have small cafes around us, we would have stayed in town... Cafes belong in towns not on farms!!!!
