On Behalf Of: Cascades Academy Eco-Club

Committee: House Committee On Climate, Energy, and Environment

Measure: SB545

I am writing to support this bill, since it will help reduce plastic waste. This bill is a common-sense solution to needless waste, and it will actually translate into cost savings for the restaurant businesses. The plastic pollution crisis is severe and we need to stop using single use plastic. Any perceived downside to this bill is strongly outweighed by the good it will do for our environment and our health. Thank you for your consideration.
