On Behalf Of: SB 545

Committee: House Committee On Climate, Energy, and Environment

Measure: SB545

Dear Persons in Charge,

I am writing as a member of Beyond Plastics Deschutes County in support of SB 545.

This is a simple, easy measure to put in place to help reduce the use of single use plastics in everyday take out. All of the vendors, restaurants and food cart owners who I have spoken with would be relieved to have it put into law as a right. I know it would be a relief to our landfill situation and the ever-increasing and overwhelming Plastics pollution in Oregon and the entire world. Please take this small simple step to help. There is literally no fallout or cost but only positive impact. Thank you for your work and your consideration.
