

Submitter: Rene Berblinger

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Natural
Resources

Measure: SB5539

We feel very strongly that funding must be reinstated for the OAHP into Oregon Watershed Enhancement Board OWEB budget. This is POP 215 and POP 115. Watershed protection and farm land conservation are of the utmost importance in Oregon. As farmers we appreciate how vital this is to the future of land preservation and conservation in Oregon.

Sincerely,
René Berblinger
