

Submitter: Kathy Bowman

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB1089

I have good private insurance, but once I did not, which led to me losing everything and my parents kicking me out so I could get emergency care since they didn't want to pay for it. No one should have to go through that. A health care for all system that works and covers all conditions and/or which combines with paid insurance to be safe would be ideal. I most fear legislators attacking it once it is in place.
