

Submitter: John Strocchio
On Behalf Of: All Oregonians
Committee: Senate Committee On Rules
Measure: SB1089

Universal Healthcare lowers costs and increases quality of life for individuals, families, businesses, and communities. It just makes sense. Oregon led the way with mail-in voting. Let's do the same with Healthcare for All. It works very well in Japan. It works very well most places. Let's do it.

I'm a business owner, former school teacher, father homeowner, and I vote. Spend our taxes on Healthcare for All Oregonians.
