

Submitter: Diane Young
On Behalf Of: Rescues and shelters
Committee: Senate Committee On Judiciary
Measure: HB2915

Salem Dogs is a local rescue/rehab/adoption organization in Salem. We encourage support of this measure as it will help discourage backyard breeders from producing litter after litter of puppies. We care not only for the miserable life of the parent dogs but also for the diminishing prospect of a suitable home for the pups. One has only to look at the pet overpopulation problem in our community to realize there are not enough homes for the dogs/cats that are already born.
