

Submitter: Jennifer Bogue
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB3221

My name is Jennifer Bogue,

Please consider this email as written testimony for school funding for Grout Elementary.

Mother of 2 children that attended Grout Elementary School, Daughter that attended Grout when Head start began in 2015 (Brooke has been at Grout for 8 years), Son attending Hosford Middle school, myself raised in NE Portland attending Alameda, Beaumont and Grant high.

Funding needs to be increased as this money will help to support the future of our schools and help to support the students and faculty. This increase will allow teachers to be recognized for their hard work and help support opportunities in our classrooms.

Grout Elementary deserves an increase in funding because the entire staff and faculty are amazing!
