

Submitter: Suzamme Kosanke
On Behalf Of: HB 3482
Committee: Joint Committee On Ways and Means
Measure: SB5506

I urge you to support HB 3482 because it will give pre-construction funding for faith communities and non-profit organizations to apply for and receive plan reviews and building permits to build affordable housing. These are now very expensive which discourages the building of affordable housing which is SO needed especially in Portland.

THanks,
Suzanne Kosanke
